TECHNICAL SKILLS & SOFTWARE PROFICIENCY

ColdFusion MX / MX 7 / 8	JavaScript	Data Networking (TCP/IP)	Adobe Photoshop
SQL/Relational Databases	Java	Microsoft Office	Windows
HTML/CSS	C	Dreamweaver	UNIX

PROFESSIONAL EXPERIENCE

Technology Coordinator, November 2003-Present

Rehabilitation Research & Training Center, Virginia Commonwealth University, Richmond, VA

- ▶ Develop, test, debug, and maintain database-driven web-based software applications using ColdFusion MX, SQL with relational databases, JavaScript, CSS, and HTML.
 - ▶ Designed database and wrote all code for Center web portal at www.worksupport.com and for related projects at www.crp-rcep.org and www.start-up-usa.biz.
 - ▶ Relied heavily on ColdFusion Components for object-oriented design and code reuse.

Features include:

- ▶ An e-commerce module with shopping cart and online payment processing
 - ▶ Database-driven content display
 - ▶ Sophisticated search capability
 - ▶ RSS feeds to allow users to subscribe to content
 - ▶ Online registration for training opportunities
 - ▶ Weblog functionality
 - ▶ A robust administration module for managing site content
- ▶ Provide technical support to co-workers and to distance education students.

Web Developer, April 2003-October 2003

VirtualSite Web Solutions, Framingham, MA

- ▶ Created interactive, database-driven web sites and web-based applications using ColdFusion MX, SQL, JavaScript, CSS, and HTML.

PC/Network Analyst, March 1999-January 2002

Gadsby Hannah LLP, Boston, MA

- ▶ Assisted in administering the corporate LAN; supported 175 Windows PCs and laptops.

EDUCATION

Harvard University Extension School, Cambridge, MA

Master of Liberal Arts in Information Technology, June 2006

Concentration: Software Engineering

Thesis title: *Managing Continuing Education Programs using ColdFusion MX and Java*

GPA: 3.6

Amherst College, Amherst, MA

Bachelor of Arts in Economics, May 1998
